

Travel—Silver Saddle Style

Many of you have taken advantage of the www.SilverSaddleRanchTravel.com website and the variety of services it offers. Still, some of you may be new to the program or perhaps have simply not had the time to use it yet. Here's a review of some of the benefits to get you started.

Online Makes it Easy

Unlike older style travel agencies, or “travel clubs,” our unique travel service takes full advantage of the Internet to locate and give you easy access to the best sources for travel anywhere. It's kind of like a private mall filled with the best travel stores and travel information anywhere!

From Cruises to Airfare

Knowing that seldom can one source always have the best prices, www.SilverSaddleRanchTravel.com often features multiple travel engines for you to browse. From cruises to airfare, golfing to car rentals, or just tickets to a show in Vegas, everything is available for you right online at www.SilverSaddleRanchTravel.com. Not sure what to book or how to do it? Most of the travel engines featured have a customer service telephone number you can call for assistance in using their particular service.

Great Deals on Vacation Rentals

One of the most popular parts of the website is the “Vacation Rentals” or “Condo Rentals” portion. Here you will find literally thousands of condo rentals around the world and at deeply discounted prices. Imagine vacationing in a beautiful resort condo that would normally rent for \$1,500 per week available to you for as little as \$299 (seasonal prices can vary). So whether you're on your next business trip or family vacation, try a condo rental; you'll never go back to hotel rooms again!

Special Deals Each Week

Every week, www.SilverSaddleRanchTravel.com e-mails specials for that week as well as links to dozens more on the site. If you aren't getting these, please update your account to include your e-mail address.

Haven't signed up for the service yet? Maybe you've lost your log in? Need to add your e-mail address? Call Silver Saddle Ranch Member Services at **818-325-3930**.
